Independent Auditor's Report

To the Board of Directors of Methodist Health System Foundation, Inc. and Subsidiaries

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Methodist Health System Foundation, Inc. (the Foundation) and its related subsidiaries which comprise the consolidated statement of financial position as of June 30, 2014 and 2013, the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NEW ORLEANS HOUSTON BATON ROUGE COVINGTON

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Foundation and its subsidiaries as of June 30, 2014 and 2013, and the changes in net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Consolidated Financial Statements

Note 1. Organization and Summary of Significant Accounting Policies

Organization

Methodist Health System Foundation, Inc. (the Foundation or MHSF) is a non-stock, non-profit corporation established to focus support, development, and management of health-related programs and services for the benefit of the citizens of East New Orleans and the surrounding region. The Foundation's programs expressly target health status improvement of the referenced population by addressing the key determinants of health, including lifestyles, access to health care services, and social and environmental factors. Such initiatives are accomplished through operational management, program start-up, and grant-making while balancing community needs and fiduciary responsibility. All corporate powers are vested in a Board of Directors whose appointment is ratified by the Louisiana Annual Conference of the Methodist Church.

The consolidated financial statements of the Foundation include the accounts of its wholly owned subsidiary, Health System Network, Inc. (HSN), which, in turn, includes the accounts of its wholly owned subsidiary, Behavioral Services, Inc. (BSI). All significant intercompany transactions and balances have been eliminated in consolidation. HSN is a proprietary corporation whose principal activity is its investment in BSI.

BSI is a proprietary corporation whose principal activity is managing its investment in a general partnership, Methodist Behavioral Resources Partnership (MBRP), which owned and operated an inpatient and outpatient psychiatric/behavioral modification facility until 2002 and now manages the building that previously housed the facility (see Note 8). BSI's investment interest in MBRP was written down to zero in 2002.

The Foundation owned two medical office buildings, the Medical Center of East New Orleans (MCENO) and Physicians Medical Plaza, which were operated by an independent third party lessee (lessee) under property operating agreements. During the year ended June 30, 2009, a settlement was reached with the lessee which resulted in the buildings being effectively sold to the lessee (see Note 10).

The Foundation also operates a management services organization (MSO) to provide healthcare billing and collection services for private physicians.

Basis of Accounting and Reporting

The Foundation prepares its consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, which involves the application of accrual accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Notes to Consolidated Financial Statements

Note 1. Organization and Summary of Significant Accounting Policies (Continued)

Basis of Presentation

Financial statement presentation is in accordance with the *Not-for-Profit Entities* Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). Accordingly, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. There were no permanently restricted net assets as of June 30, 2014 and 2013.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash Equivalents

Cash equivalents included in the amounts reported as cash in the accompanying financial statements include investments in highly liquid debt instruments with an original maturity of three months or less when purchased, excluding amounts held by investment managers pending investment (See Note 2).

Property and Equipment

Property and equipment consists primarily of the Foundation's office building, furniture, fixtures, and equipment, which are recorded at cost, if purchased or constructed, or if received by gift, at fair market value at the date of donation. Management's threshold for capitalization is \$500. The Foundation provides for depreciation on the straight-line method based on estimated useful lives ranging from 3 to 40 years.

Investment Securities

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the consolidated statements of financial position. Investments also include an investment pool and investments in hedge funds structured as limited liability corporations or partnerships. These investments are accounted for under the equity method, as it approximates fair value. Investment income or loss (including realized gains and losses on investments, interest, and dividends) is included in the change in unrestricted net assets. Unrealized gains and losses on investments are treated as unrestricted non-operating income or loss in the consolidated statements of activities.

Temporarily Restricted Net Assets

Temporarily restricted net assets are those whose use is limited by donors to a specific time period or purpose. Temporarily restricted net assets are released from donor restrictions by incurring expenses satisfying the restricted purpose or by the occurrence of other events specified by donors.

Notes to Consolidated Financial Statements

Note 1. Organization and Summary of Significant Accounting Policies (Continued)

Donor-Restricted Gifts

Unconditional promises to give cash and other assets to the Foundation are reported at fair value at the date the promise is received. The gifts are reported as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified as unrestricted net assets and reported in the consolidated statements of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are reflected as unrestricted contributions in the accompanying consolidated financial statements.

Note 2. Investment Securities

In accordance with the *Not-for-Profit Entities* Topic of the FASB ASC, the Foundation reports certain equity and all debt securities at fair value.

The composition of investment securities at June 30, 2014 and 2013, is as follows:

	2014	2013
Mutual Funds and Exchange Traded Funds	\$ 23,048,071	\$ 16,604,624
Marketable Equity Securities	17,427,770	11,052,510
International Marketable Equity Securities	12,648,511	12,997,614
Hedge Funds	9,504,176	14,645,991
Investment Pool	6,578,350	5,591,273
Real Estate Investment Trusts	3,042,736	3,331,397
Cash and Cash Equivalents - Held for Investment	1,945,476	2,027,048
Accrued Interest Receivable	14,936	24,405
Fixed Income	 <u> </u>	2,978,469
Total	\$ 74,210,026	\$ 69,253,331

Notes to Consolidated Financial Statements

Note 2. Investment Securities (Continued)

A summary of the investment income for the years ended June 30, 2014 and 2013, is as follows:

<u> </u>		2014	2013		
Interest and Dividend Income	\$	1,955,757	\$	2,005,815	
Realized Gains, Net		819,237		2,274,414	
Expenses	_	(359,345)		(327,602)	
Total Investment Income, Excluding					
Unrealized Gains from Investment Securities		2,415,649		3,952,627	
Unrealized Gains from Investment		6,448,331		2,058,205	
Total	\$	8,863,980	\$	6,010,832	

Investments are managed by several money managers, each focusing on different investment strategies to provide diversity to the investment portfolio. Hedge funds include limited partnerships and offshore investment funds. These funds invest in certain types of financial instruments, including futures and forward contracts, options, and securities sold not yet purchased, intended to hedge against changes in the market value of investments. These financial instruments, which involve varying degrees of off-balance-sheet risk, may result in loss due to changes in the market.

Note 3. Fair Values of Financial Instruments

The Foundation has adopted the provisions of the Fair Value Measurement Topic of the FASB ASC. Accordingly, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Fair Value Measurement Topic of the FASB ASC establishes a fair value hierarchy for inputs used in measuring fair market value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on the best information available in the circumstances.

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities as of the reporting date. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Notes to Consolidated Financial Statements

Note 3. Fair Values of Financial Instruments (Continued)

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly, as of the reporting date.

Level 3 - Valuations based on inputs that are unobservable and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation.

In some instances, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such instances, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

Recurring Fair Value Measurements

The Foundation's measurements of fair value are made on a recurring basis, and their valuation techniques for assets and liabilities recorded at fair value are as described in the preceding section.

The following table sets forth by level, within the fair value hierarchy, the Foundation's assets at fair value as of June 30, 2014 and 2013:

	Level 1		Level 2		Level 3	Total
June 30, 2014						
Cash	\$ 1,960,412	\$	-	\$		\$ 1,960,412
International Marketable Equity Securities	12,648,511		•		-	12,648,511
Marketable Equity Securities	17,427,770		-		-	17,427,770
Mutual Funds and Exchange Traded Funds	23,048,071		-		-	23,048,071
Real Estate Investment Trusts	3,042,736		-		-	3,042,736
Investment Pool	-		6,578,350		_	6,578,350
Hedge Funds			<u> </u>		9,504,176	9,504,176
Total	\$ 58,127,500	\$	6,578,350	\$	9,504,176	\$ 74,210,026
June 30, 2013						
Cash	\$ 2,051,453	\$	-	\$	-	\$ 2,051,453
International Marketable Equity Securities	12,997,614	·	-	·	·-	12,997,614
Marketable Equity Securities	11,052,510		-		-	11,052,510
Mutual Funds	16,604,624		-		<u> -</u>	16,604,624
Real Estate Investment Trusts	3,331,397		-		-	3,331,397
Fixed Income Securities	-		2,978,469		-	2,978,469
Investment Pool	-		5,591,273		-	5,591,273
Hedge Funds			-		14,645,991	14,645,991
Total	\$ 46,037,598	\$	8,569,742	\$	14,645,991	\$ 69,253,331

Notes to Consolidated Financial Statements

Note 3. Fair Values of Financial Instruments (Continued)

The following table sets forth a summary of changes in the fair value of the Foundation's Level 3 assets for the year ended June 30, 2014 and 2013:

July 1, 2012 Balance	\$ 14,035,072
Total Gains (Losses), Realized and Unrealized, Included in Changes in Net Assets Settlements	1,376,612 (765,693)
June 30, 2013 Balance	14,645,991
Total Gains (Losses), Realized and Unrealized, Included in Changes in Net Assets Settlements	1,158,600 (6,300,415)
June 30, 2014 Balance	\$ 9,504,176

Investments in Certain Entities That Calculate Net Asset Value Per Share

The FASB issued a standards update pertaining to Fair Value Measurements and Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share. Fair values of certain investments are determined by the use of calculated net asset value per ownership share. The Foundation's investments at June 30, 2014 that feature net asset value per share in Level 2 and Level 3 are as follows:

	I	Fair Value	Unfunded Commitments	Redemption Frequency if Currently Eligible	Redemption Notice Period
Hedge Funds (a)	\$	9,504,176	N/A	Quarterly	90 days
Investment Pool (b)		6,578,350	N/A	Monthly	3 days
Total	\$	16,082,526	•		

- (a) This category includes investments in two funds of hedge funds. One of these hedge funds invests primarily in funds structured as limited partnerships and whose fair value are recorded based on the partnership's proportionate share of net assets of the underlying investment securities. The second fund invests primarily in another, related fund that incorporates a diversified investment strategy utilizing a multi-manager approach to invest in hedged equity, multi-strategy funds, event-driven equity and credit/distressed investments. Withdrawals are available at the end of each calendar quarter, provided notice is given 90 days prior to the end of that quarter.
- (b) This includes investments in a portfolio of diversified equities and short-to intermediate-term bonds. Withdrawals are available at any time, provided written notice is given at least 3 working days prior to the end of the month.

Notes to Consolidated Financial Statements

Note 4. Property and Equipment

The major components of property and equipment as of June 30, 2014 and 2013, are as follows:

	··	2014	 2013
Land	\$	2,743,690	\$ 2,743,690
Office Building		2,236,244	2,236,244
Furniture, Fixtures and Equipment		418,780	385,800
Vehicles		113,087	118,702
		5,511,801	5,484,436
Less: Accumulated Depreciation		(725,320)	(645,136)
Total	\$	4,786,481	\$ 4,839,300

Depreciation expense totaled \$118,384 and \$119,588, in 2014 and 2013, respectively.

Note 5. Line of Credit

The Foundation has in place a \$1 million line of credit with a commercial bank. The expiration date has been extended through October 2014. The variable interest rate is LIBOR, plus 2.25%, per annum of the unpaid principal balance and the borrowings are unsecured. At June 30, 2014 and 2013, there was no balance outstanding under the line of credit.

Note 6. Mortgage Loan Payable

The Foundation financed the construction of its new office building through a construction line of credit with a commercial bank. The construction line of credit was converted to a mortgage loan which totaled \$1,885,737 and bears an interest rate of 5.45%. As of June 30, 2013 the balance was \$358,967 which was paid during the year ended June 30, 2014.

Note 7. Related Party Transactions

Prior to 2004, the Board of Directors of the Foundation elected the members of the Board of Directors of Pendleton Memorial Methodist Hospital (PMMH), an acute care hospital located in eastern New Orleans. PMMH is considered a related party because certain members of the Board of Directors of the Foundation were also members of the Board of Directors of PMMH. As described in Note 8, during 2004 PMMH sold substantially all of its non-cash assets and current liabilities to an independent third party and contributed its residual assets after the sale to the Foundation.

Note 7. Related Party Transactions (Continued)

Between May 4, 2001 and January 14, 2002, BSI made several loans to MBRP amounting to \$425,000. Such loans were interest bearing with one year maturities. MBRP was unable to maintain the monthly interest payments and in conjunction with the write-off of the MBRP investment in 2002, the loan balances of \$378,850 were fully reserved (see Note 8). During 2009, BSI consolidated the notes into a single, interest-bearing note which is due on demand. Interest income is recorded only as received. During 2014 and 2013, interest of \$-0-, respectively, was received.

During 2004, PMMH donated to the Foundation a receivable from MBRP of \$491,075. In 2007, \$85,694 of payments were made by MBRP to the Foundation, leaving a balance of \$395,381. During 2014, the Foundation made a loan to MBRP in the amount of \$150,000. No payments were paid or received in 2014 or 2013. Both of these amounts are included in the consolidated statement of financial position as investments in and advances to affiliated entities. Management believes that no reserve is required on these additional receivables since it believes this amount to be fully collectible from future proceeds from the sale of the MBRP building (see Note 8).

The Foundation makes payments to a consulting company owned by one of its board members. Payments for the year ended June 30, 2014 and 2013, totaled \$147,071 and \$133,874, respectively.

Note 8. Investments in and Advances to Affiliated Entities

The balance in investments in and advances to affiliated entities at June 30, 2014 and 2013, comprises the following:

		2014	2013
Methodist Behavioral Resources Partnership			
Receivables Donated by PMMH	\$	395,381	\$ 395,381
Note Receivable from PMMH		150,000	· -
Loans Made by BSI		378,850	378,850
Reserve for Uncollectible Loans	_	(378,850)	(378,850)
Total	\$	545,381	\$ 395,381

PMH. LLC

PMMH sold substantially all of its non-cash assets and current liabilities to UHS-Pendleton effective January 1, 2004. The sale was consummated through an asset transfer to the newly formed PMH, LLC in which PMMH retained 10% ownership interest. In January 2004, this ownership interest in PMH, LLC was donated to MHSF, and MHSF then made a capital contribution of the amount of the investment to HSN. The 10% interest in PMH, LLC donated to MHSF was initially valued at \$12,010,000. An additional \$2.1 million was contributed by the Foundation to PMH, LLC in 2004 to fund its share of PMH, LLC's acquisition of Lakeland Hospital, an acute care facility located in eastern New Orleans.

Note 8. Investments in and Advances to Affiliated Entities (Continued)

PMH, LLC (Continued)

In 2005, an additional \$662,169 was contributed by the Foundation to PMH, LLC to fund its share of PMH, LLC's acquisition of Methodist Ambulatory Surgery Center Partnership and Lake Forest Surgery. The Foundation's investment in PMH, LLC is accounted for at cost. Accordingly, earnings of PMH, LLC are not recognized by the Foundation until such amounts are distributed in cash. In December 2006 the Foundation exercised its put option to require PMH, LLC to purchase its 10% ownership interest in PMH, LLC and received cash payments of \$14.7 million.

PMMH

PMMH donated \$58,500,000 to MHSF from the net proceeds of the sale after defeasing bonds and other liabilities during fiscal 2004. PMMH also donated to MHSF various investments and miscellaneous receivables totaling \$3,805,522. PMMH will continue in existence to wind up its financial affairs, such as settling outstanding claims and liabilities. Once such matters are settled, PMMH will be dissolved, and residual assets, if any, will be donated to the Foundation. During 2005, additional contributions were received from PMMH of \$3,576,236 representing excess funds accumulated during the wind-down phase. An additional \$500,000 was received from PMMH as of June 30, 2008 as a result of a settlement of certain cost report liabilities. During fiscal year ended June 30, 2014, PMMH made two donations to the Foundation totaling \$660,915. \$500,000 was derived from the sale of an investment while \$160,915 was derived from subsidiary Auxiliary funds set aside until the donation was made.

MBRP

BSI acquired its 50% interest in MBRP in December 1984 at the formation of MBRP. During the fiscal year ended June 30, 2014, BSI bought an additional 41% ownership bringing their total interest in MBRP to 91%. Condensed financial information of MBRP as of June 30, 2014 and 2013, is as follows:

	2014 (Unaudited)			2013 (Unaudited)		
Assets						
Current Assets	\$	51,434	\$	11,679		
Property - Net of Accumulated Depreciation	-	838,823		838,823		
Total Assets	\$	890,257	\$	850,502		
Liabilities and Partners' Deficit						
Current Liabilities	\$	583,221	\$	557,481		
Long - Term Debt		907,700		757,700		
Partners' Deficit		(600,664)		(464,679)		
Total Liabilities and Partners' Deficit	\$	890,257	\$	850,502		
Operations						
Operating Revenues	\$	44	\$	4		
Operating Expenses		76,029		84,297		
Net Loss	\$	(75,985)	\$	(84,293)		

Note 8. Investments in and Advances to Affiliated Entities (Continued)

MBRP (Continued)

During 2001, MBRP began experiencing significant operating losses and cash flow shortages. On January 12, 2002, the psychiatric/behavioral modification facility was closed. MBRP sought a buyer for the facility without success. The facility remained vacant until January 2003, when MBRP entered into a lease with PMMH for the facility and certain furnishings. The lease was a five-year lease expiring in January 2008 and had three additional one-year extension options. The lease required monthly payments of \$35,000. This lease was transferred to PMH, LLC on January 1, 2004, with the sale of the Hospital. The lease was terminated on August 29, 2005 as a result of Hurricane Katrina. BSI's investment in MBRP was written down to zero at June 30, 2002, and BSI has not recognized any income or loss from the rental operations of MBRP since that time.

The balance receivable from MBRP of \$395,381 at June 30, 2014 and 2013, represent receivables donated by PMMH in conjunction with the sale of the Hospital (see Note 7). The balance receivable from MBRP of \$150,000 at June 30, 2014 represents amounts loaned from the Foundation for the 41% buyout of one owner and to pay bills of MBRP. Management believes that such amounts should be fully collectible from the planned sale of the MBRP building. As of June 30, 2014 and 2013, no payments were made by MBRP.

Subsequent to Hurricane Katrina in August 2005, MBRP received insurance payments for the flooding and wind damage to the MBRP property. MBRP used those insurance proceeds to pay off all bank loans of the partnership, which were guaranteed on a joint-and-several basis by the three partners in MBRP, of which the Foundation is a 50% partner. As the debt was paid in 2006, the Foundation no longer has a contingent guarantee liability. MBRP is seeking a buyer for its building, the proceeds from which would enable it to liquidate its remaining liabilities. Long-term debt remaining at June 30, 2014 and 2013, consists of notes payable to the partners, including \$378,850 owed to the Foundation, which has been fully reserved.

Note 9. Temporarily Restricted Net Assets

Temporarily restricted net assets at June 30, 2014 and 2013, are available for the following purposes:

	2014		2013	
New Orleans East Service Fund	\$	160,915	\$	-
School-Based Health Center Building and Equipment		29,775		62,230
Good Samaritan Fund		35,289		34,690
Total	\$	225,979	\$	96,920

Notes to Consolidated Financial Statements

Note 9. Temporarily Restricted Net Assets (Continued)

Net assets were released from restrictions for the following during the year ended June 30, 2014 and 2013:

	2014	2013
School-Based Health Center Building and Equipment	\$ 32,456	\$ -
Mackel Fund	-	14,813
Total	\$ 32,456	\$ 14,813

Note 10. Medical Office Buildings and Settlement Agreement

As described in Note 1, the operation and maintenance of the medical office building was governed by property operating agreements, which included a risk-sharing clause requiring the Foundation to subsidize cash flows below established thresholds.

After a legal settlement, the property operating agreements remain in effect but the Foundation has no further obligation to make operation payments, or otherwise, pursuant to the property operating agreements. The lessee has the right to terminate the property operating agreements, but if the building is sold, the agreements will terminate. The lessee has the sole discretion to sell the medical office. Since the property rights have in effect been transferred to the lessee, the medical office buildings and the associated accumulated depreciation were removed from the Foundation's consolidated statement of financial position.

Note 11 Concentration of Credit Risk

The financial instruments that potentially subject MHSF to a concentration of credit risk consist primarily of cash deposits and investments. At times, cash deposits may exceed the U.S. Federal Deposit Insurance Corporation limit. However, the Foundation has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk to cash. Investments are subject to market risk which may result in losses.

Note 12. Income Taxes

The Foundation is generally exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. However, the Foundation's subsidiaries are subject to federal and state income taxes. BSI joins HSN in filing a consolidated federal income tax return. Income taxes due for the fiscal years ended June 30, 2014 and 2013, were immaterial due to net operating loss carry-forwards from prior years. HSN has a net operating loss carryforward of approximately \$2.3 million at June 30, 2014, expiring from 2019 to 2035.

Notes to Consolidated Financial Statements

Note 12. Income Taxes (Continued)

Although the Foundation is generally exempt from income taxes, during the year ended June 30, 2014, some of the income from its equity method investments was subject to federal income tax on unrelated business income. Following is a summary of the Foundation's taxable income, related deductible expenses, and income tax expense for the year ended June 30, 2014 and 2013.

		2014		2013	
Gross Unrelated Business Taxable Income	\$	304,954	\$	104,414	
Deductible Expenses		(45,219)		(11,341)	
Net Unrelated Business Taxable Income	\$	259,735	\$	93,073	
Income Tax Expense (Combined Federal and State)	\$	94,413	\$	27,590	

The Foundation owed \$72,556 as of June 30, 2014 with respect to unrelated business income. The expense is included in general and administrative expenses on the consolidated statements of activities. The Foundation owed \$23,588 as of June 30, 2013 with respect to unrelated business income, which includes a penalty of \$40. The expense is included in general and administrative expenses on the consolidated statements of activities.

Accounting for Uncertain Tax Positions

The Foundation follows the provisions of the *Accounting for Uncertainty in Income Taxes* Topic of the FASB ASC. All tax returns have been appropriately filed by the Foundation. The Foundation recognizes interest and penalties, if any, related to unrecognized tax benefits in income tax expense. The Foundation's tax filings are subject to audit by various taxing authorities.

The Foundation's open audit periods are fiscal years 2010 through 2012. As of June 30, 2014, Management evaluated the Foundation's tax position and concluded that the Foundation has taken no uncertain tax positions that require adjustment to the consolidated financial statements to comply with the provisions of this guidance.

Note 13. Subsequent Events

Management has evaluated subsequent events through the date that the consolidated financial statements were available to be issued, September 17, 2014, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these consolidated financial statements.
